

MADE FOR THE CITY,
FOCUSED ON THE FUTURE

Urban

by Lecapitaine

Urban

by Lecapitaine

Combining Lecapitaine's expertise and excellence

Lecapitaine has created Urban – our new refrigerated bodywork for Light Commercial Vehicles (LCV) – in response to the challenges of the city and the future: limiting emissions, improving your comfort and safety, and offering optimal transport conditions for your temperature-controlled goods.

Innovating sustainably

Developed by our R&D teams, Urban features exclusive innovations and patents.

Environment

Up to 12% energy savings

Performance

Payload up to 1 200 kg

Undeniably urban

Keeping users and goods safe

100% LED working
area lightings

HD rear view
camera

Optimised
aerodynamics

Central
locking

Payload of
to 1 200 kg

Visual identity
Unique design

SimpleLock
Door hold
system

RigidLink
Self-supporting struture
designed to increase payload

Sandwich panel
Enhanced insulation, a more resistant panel
and inclusion or recycled materials (PET ⁽²⁾)

⁽¹⁾ Worldwide Harmonized Light Vehicles Test Procedure

⁽²⁾ polyethylene terephthalate

Urban

by Lecapitaine

Environmentally friendly

- **Up to 12% energy savings** ⁽³⁾ thanks to vehicle optimisation:
 - Weight reduced by **300 kg**
 - Better insulation with a **K coefficient of 0,31 W / m² x °C**
 - **Improved aerodynamics** proven by digital simulations
- **Recycled materials used** to produce sandwich panels (239 recycled 1,5l plastic bottles per Urban by Lecapitaine bodywork)
- **A vehicle fitted with Urban by Lecapitaine complies with the WLTP procedure** (reduced fuel consumption, CO₂ emissions and pollutants)

⁽³⁾ compared to traditional bodywork and based on a WLTP testing procedure

100% performance

- **Payload of up to 1 200 kg** depending on vehicle configuration
- **Better TCO** (Total Cost of Ownership) compared to traditional bodywork

Undeniably urban

- **Unique design**
- **HD rear view camera** built into the rear frame
- **Secured working area** thanks to an automated **100% LED lighting** when opening the doors
- **Built-in anti-intrusion central locking**
