## UKNI Conformity of Production Initial Assessment

VCA as the Type Approval Authority for Northern Ireland has conducted an assessment of the quality systems and the relevant control plans to verify that suitable arrangements exist to control production in order to permit the issuance of UKNI type approval when using the assembly plants listed below. The subjects cleared as part of this assessment are identified with a "Yes" in the list of legislation.

Further assessments will be required to grant a Conformity of Production certificate.

**This Initial Assessment is issued to:**

**Lecapitaine Industrie  
315, rue Louise Michel,  
Parc d'activités Neptune I,  
50009 Saint-Lô,  
France**

**Date of Issue:** 16 July 2025

**Areas assessed:** All required by scheme document COP-E-GU-30

**Date of Expiry:** 01 July 2027

**Clearance Scope:** See legislation table

**Registration Number:** ECC634852

**Vehicle Categories:** N1, N2, N3.

**SPV Designation:** Not applicable

**Vehicle Category/Component Range:** The manufacture of vehicles at multistage.

**Assembly sites:** See overleaf

**Planned date of audits:** Prior to expiry

**Signed for and on behalf of Vehicle Certification Agency**

**By authority of the Chief Executive**

## Annex

### General Information

- For vehicles classified as special purpose vehicle (SPV), clearance to stated subjects will be using dispensations contained within SPV annex of the legislation.
- Initial assessment covers assembly plants listed. Additional sites may be covered by alternative statements.

**Please note:**

*This Initial Assessment is issued by and is the property of the Vehicle Certification Agency, 1 The Eastgate Office Centre, Eastgate Road, Bristol BS5 6XX, UK and is to be returned on formal request.*

*It is the responsibility of the approval holder to notify the VCA Conformity of Production department of any changes that may affect this assessment. Not doing so could result in delays to receiving approval certificates or compliance statements from VCA.*

### Items needing addressing prior to Certification Audits

1. Translate procedures for supplier selection, non-conforming incoming product, legislative changes, complaints and approvals withdrawal.
2. Review whether mandate adequately covers surveillance requirements.
